Dear Mr. Guarino,

A handwritten signature in black ink that reads "Charles".

I just wanted to drop you a note of thanks for allowing our department to host an Ocean Systems training class last August. Most importantly, I want to express our deepest thanks to Ed Baker for his superb training and expertise on the AVID Composer, Detective Software and the famous Omnivore. Ed made the class interesting, informative and fun. His easy style of presentation coupled with the great informational binders the **BEST** class I have attended in a long time.

I would like to use our dual conference facility for other Ocean System classes that may be beneficial for my unit and other members of Law Enforcement in the New England area and beyond. Boston is an easy city to fly into or drive to, and our office facility is centrally located in the city allowing easy access to hotels and restaurants. I would appreciate any ideas you may have to once again host a training.

Sincerely,

A handwritten signature in black ink that reads "John M. Green".
