<u>**For Immediate Release**</u>

Ocean Systems and OCCAM Video Solutions Enter Partnership to Resell and Integrate iNPUT-ACE in the United States and Canada

Burtonsville, Maryland, February 22th, 2016. Ocean Systems, a division of Dynamic Technologies Inc. and the market leader in forensic video and digital image analysis, announced today a partnership with OCCAM Video Solutions, Inc., a Spokane, Washington company, to resell OCCAM's new video-processing engine, iNPUT-ACE.

This new partnership will allow Ocean Systems' customers to benefit from enhanced video processing capabilities utilizing iNPUT-ACE's powerful workflow engine. iNPUT-ACE's open architecture will also allow Ocean Systems to integrate products, such as ClearID, to work directly inside of the iNPUT-ACE workflow. Likewise, Ocean Systems will offer fully-integrated, performance-tailored hardware and software solutions around iNPUT-ACE and Ocean Systems' products to its customers.

"iNPUT-ACE is a natural fit for our other video and multimedia imaging tools," said Angelo Guarino, President of Ocean Systems. "iNPUT-ACE eliminates the common issue of playing back proprietary or non-standard video formats. It is the most powerful and easy to use solution we have seen for this purpose and has many more capabilities as well."

"OCCAM Video Solutions is excited that Ocean Systems has chosen to represent iNPUT-ACE sales in North America," said OCCAM President, Grant Fredericks. "I've worked with the Ocean Systems' products and people for over 15 years. Ocean Systems has the best reputation for support and products in the forensic video industry, and we look forward to expanding the reach of both our product lines through this partnership."

Ocean Systems products are currently used by over 1500 law-enforcement agencies worldwide. Current Ocean Systems products include dTective$^®$, ClearID$^®$, Omnivore^{TM} , Omnivore Field Kit and QuickDME^{TM}. iNPUT-ACE is available for immediate purchase through Ocean Systems in the United States and Canada.

About OCCAM Video Solutions, Inc.
